

# Primux alpha 3x Disassembly

Phone exploded.

Written By: Kevin Luis

## TOOLS:

- [Precision Screwdriver star](#) (1)
-

## Step 1 — Primux alpha 3x Disassembly

- We removed the back cover and battery.

## Step 2

- Remove the screws and exerting some pressure remove the plastic cover.

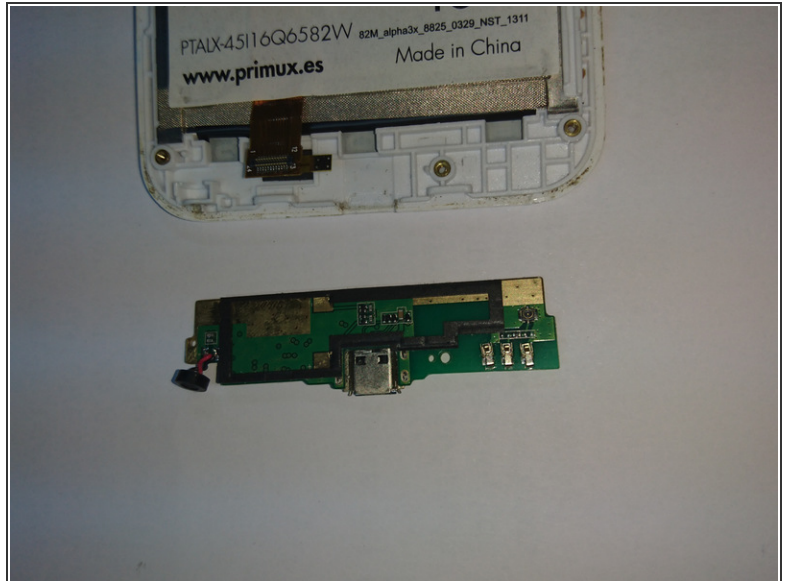

## Step 3

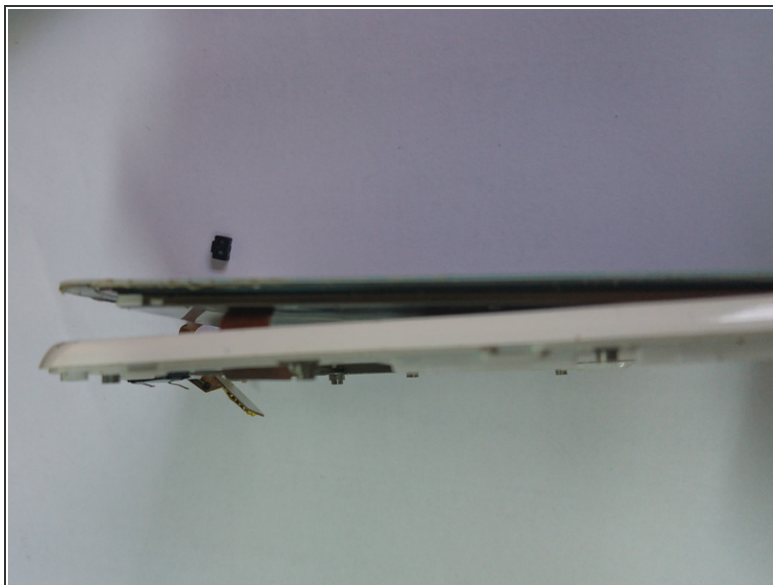

- We take off the flaps carefully.

## Step 4

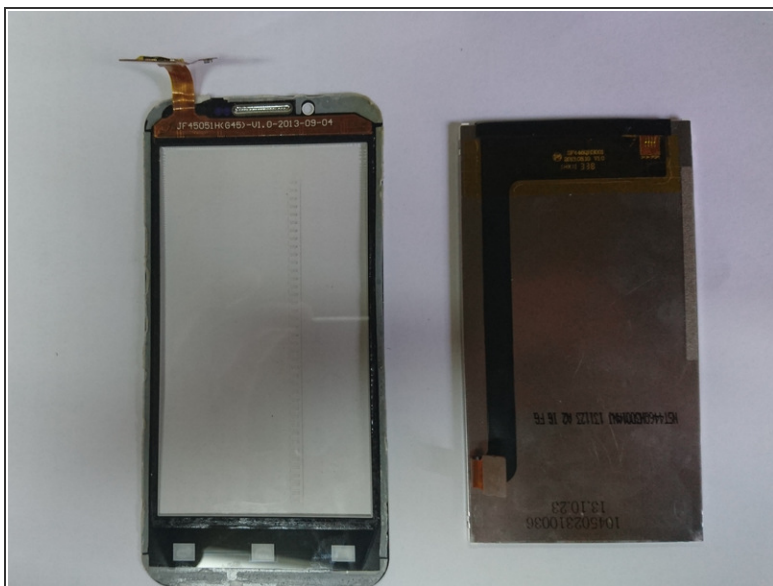

- Unscrew and remove the plates.

## Step 5

- Removed the black plastic shield and exert some pressure, blast off the screen.

## Step 6

- Will separate plastic screen cover.
- We will do a little pressure on the screen and lift off of this, touch the sensor.

## Step 7

- Finally and mere knowledge, some images of the open sensor internally.
